Business Continuity

DISCIPLINES

- Business Continuity Plans
    - Section 1-11-435 SC Code of Laws
- Disaster Recovery Best Practices

DOMAIN STRATEGY

To protect the state's critical information technology infrastructure and associated data systems in the event of a major disaster, whether natural or otherwise, and to allow the services to the citizens of this State to continue in such an event.

DOMAIN PRINCIPLES/BOUNDARIES

- Establishes a common set of criteria for disaster management, emergency management, and business continuity programs.
- Identify the criteria to assess current programs or to develop, implement, and maintain a program to mitigate, prepare for, respond to, and recover from disasters and emergencies.
- Program shall be supported by senior management and funded to ensure that the necessary steps are taken to identify the impact of potential losses, maintain viable recovery strategies and recovery plans, and ensure continuity of services through personnel training, plan testing and maintenance.
